Report of Principal and School Improvement Council

The fourth and fifth grade students at Boiling Springs Intermediate School have been real stars during the 2012-2013 school year. The schools theme, "Life is a Movie, Play the Leading Role" has not only made for a year focused on academic achievements, but has also encouraged strong leadership roles and growth in our students. Our curriculum and instructional programs benefited from an emphasis on active student learning, strong teacher leadership, active parental involvement, and community support.

Our students continued to experience success in many areas. Boiling Springs Intermediate was recognized as a Palmetto Silver Award winner. Students experienced success with MAP testing. 72.31% of students grew in the area of reading and 85.38% of students grew in math. Teachers participated in a tremendous amount of staff development revolving around the implementation of the Common Core State Standards. The school also continued to place an emphasis on our successful single-gender program.

The Leader in Me program is a school-wide process that develops staff and student as leaders and thereby transforms the culture and performance of a school. The development of leadership is integrated into daily curriculum and activities. Through this focus on leadership, students are encouraged to set and achieve meaningful goals and will be empowered as leaders. By exhibiting the 7 Habits, students have positive influences on others and are more likely to be effective communicators and exhibit ethical behavior. All of these benefit our overall goal and mission to unlock the full potential of every student. The implementation of the Leader in Me Program has established a clear vision, common language, a culture that supports student leadership, and involvement in community service projects.

Students at BSIS gave back to the community and let their stars shine in a variety of ways this school year. BSIS students participated in a canned food drive for a local food pantry, collected treats and supplies for the Spartanburg Humane Society, collected books and toys for the MUSC Children's Hospital, raised money for Jump Rope for Hearth, provided Christmas for several families and brought in toys for Isaac's Christmas Toy Drive. BSIS worked together for an effort called Three Musketeers. The school had three students with serious medical conditions and their families have extreme medical expenses. Through this united effort, \$10,000 was raised to help support these families and special BSIS students.

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
